

## Ancestor Dice Game 1

Cut out cube and fold along lines.  
Glue or Tape grey tabs to adjacent  
square until the cube is completed.  
Let dry if needed.

Use this game for older kids who  
can read.

Have kids roll the “dice”, and  
then decide who the father of  
the person listed was. Do this a  
few times and then switch the  
game to who was the son of the  
person listed– use the Bible  
Scripture Sheet so kids can  
quickly the answer. When  
finished let the child beside  
them roll the dice and do the  
same.
