Teacher Tips

- ★ See Lesson 1

1) Introduction to Lesson

As students enter, welcome them and help them find a chair to sit at. Thank them for coming. Take attendance.

Say: **We've been looking at proving the Bible. For the next two lessons we will continue to look at the miracle of Creation – the greatest miracle in the Bible. We will watch a documentary video that shows the proof of Creation in the world.**

Any questions from what we watched last time? (Answer any questions that are related to the movie you've already watched and save other questions for the end of this portion of the movie.)

For students who are in Grade 5-6 and who weren't there last time, give them the student booklet from last week and allow them to take it home and read over the week.

2) Activity Time - Movie - Is Genesis History?

Remainder Of Class

Prep

Have a computer with internet and the link ready for when class starts. (If people in your congregation can help you set up the movie to a projector screen that is great too.)

This movie is 1 hour and 44 minutes long so you will need to watch this movie this week and next as well.

If you are able, make and bring popcorn in paper bags one for each student to enjoy while you all watch the video.

Activity

Explain to the students that over the next three weeks you will all watch a movie on the Creation and look at the evidence for it. Share popcorn and make sure to leave 5 minutes at the end of the class to answer questions, clean up and pray.

As you watch with the students, think of some questions you can ask them about what they learned and how that helps them understand that God's account of Creation in the Bible is true.

Some questions:

What did you think of the documentary? Did it help you better understand Creation?

What was your favorite part of the movie?

What evidence did you think was the most convincing?

3) Optional Snack - Popcorn

5 minutes

Provide a napkin, and popcorn in paper bags for students. Let them enjoy while watching the movie.

4) Closing Prayer

*If desired, ask the children if they have any prayer requests and write them down to help you remember. Then ask all children to bow their heads and fold their hands to pray.
