Cut out the **Resurrection Story Cards**. Either tape or punch a hole and tie a ribbon of each card to a paper cup or sealed snack bag. Fill the cup/bag with a mix of the listed treats. (If using sealed snack bags, you can hide them around the room – one for each student.) When all students are sitting have one read the first Bible verse and then they can all dig out that snack and eat it. Go through until all verses are read and each student has eaten to remember Jesus' death, resurrection, and ascension and how sweet it is to share the story of Jesus.
