

## The Bible Has Answers Activity

These verses are examples of how God helps us through His word. When we face a problem, we pray and then we look to the Bible for answers to help us know what to do.

Below are six different problems. Read aloud the problems in each story and then go through the bible verses at the bottom of the page to determine which verse best answers the problem. Remember this is one way God helps us is through His word and this is a way we can ask God for help by trusting what He says in the Bible!
