

Jesus Feeds 5000. A little boy was willing to share his lunch.
Jesus turned that small lunch into a meal for over 5000 people.

Draw a circle around the basket that has five loaves of bread and two fish.

Can you trace the numbers 5 and 2?

How many baskets do you count? Color that number at the bottom.

Color the 5 loaves of bread that are the same. Color the 2 fish that are the same.
