What are some ways you obeyed?
What was the results?
What are some ways you disobeyed?
How did that make you and the other people feel?

I WILL OBEY THE DIRECTIONS – RECIPE

To help us remember we need to follow the rules and that rules are important to obey, ask your parent(s) if you can make a recipe with them this week so that you can practice following instructions and see the importance of doing so. This is something you can make for your family to share.

Make sure you read the recipe on your own before you start so you know the order and have the ingredients. Then go through the recipe step by step. When done, share your recipe with your family. Making sure you make enough of the recipe so everyone gets some.

What if you used olives instead of bananas?

What would have happened if you forgot to blend the fruit?

What if you didn't clean the blender?
