## Make Your Own Mobile

Make the banner first, using a 9" x 12" piece of construction paper folded in half lengthwise. Decorate the title, "Jesus Is God's Son," with the paper in a horizontal position, open ends up. Cut three small openings on the fold of the construction paper (the bottom)—one in the center and one near each end, about one inch in from the edges. Tie three strings of about eight inches in length to the bottom of a plastic hanger.

Thread the strings through the openings in the construction paper and staple the top edges of the construction paper over the hanger as shown. The strings should be hanging through the holes in the paper from where they are tied to the hanger.

Jesus Is God's Son

Jesus Performs Miracles

Jesus Rules Nature

Jesus Is Alive!

Photocopy and cut out the patterns on this page and on page 4 to make the mobile.

Glue the pieces on this page together to form the center segment for the mobile. Use the center string on the hanger to attach the top of Jesus to the banner. Refer to the diagram to complete the other two segments of the mobile using the patterns on page 4.

Glue or tape this tab to the back of Jesus at the bottom.

Jesus Is Alive!

Glue or tape this tab to the back of the tomb near the top.

Jesus Is God's Son

This title art can be enlarged on a copier up to 200% to use on banner.
