

LOVE EVERYONE

Make a border around the words above by writing the names of people you love. Now write names of 3 people you can start to love that you haven't yet.

To love everyone means ...

- to show others you care
- to be kind to people who are different from you
- to get along well with others
- to be friendly
- to want good, not bad, for other people
- to be fond of people
- to care about people
- to not hate anyone
- to not mistreat anyone
