

### Ancestor Dice Game (1)

Cut out cube and fold along lines.  
Glue or Tape grey tabs to adjacent  
square until the cube is completed.

Let dry if needed.

Use this game for older  
kids who can read.

Have kids roll the  
“dice”, and then decide  
who the father of the  
person listed was. Do  
this a few times and  
then switch the game  
to who was the son of  
the person listed– use  
the Bible Scripture  
Sheet so kids can  
quickly the answer.  
When finished let the  
child beside them roll  
the dice and do the  
same.
