

Ancestor Dice Game (2)

Cut out cube and fold along lines.
Glue or Tape grey tabs to adjacent
square until the cube is completed.
Let dry if needed.

Use this game for older
kids who can read.

Have kids roll the
“dice”, and then decide
who the father of the
person listed was. Do
this a few times and
then switch the game
to who was the son of
the person listed– use
the Bible Scripture
Sheet so kids can
quickly the answer.
When finished let the
child beside them roll
the dice and do the
same.
