

The Greatest Commandment

The Old Testament had a list of 10 commandments the Israelites were to follow, along with many others. In the New Testament we have Jesus stating there is the Greatest commandment that takes into account all of the Old and New Testament Commandments.

Write the Commandment of Jesus in the second stone tablet or draw a picture to show what Jesus said.

What did Jesus mean by this being the Greatest Commandment – does that mean I can ignore all others? What does it mean? Draw or write your thoughts below based on our reading of the Bible today.
