

Turtle Templates - One Per Student

Print sheet onto light or white construction or cardstock paper. Cut around turtle and tabs before class, so each student gets a turtle with tabs. During class let students color and decorate their turtle. Help them write their name on the left tab and then fold the tabs under the turtle and tape the tabs together (see picture) Tell them that these are to remind us to be quiet, slow, careful and to listen in church - just like a turtle is quiet, slow and careful!
